Hi Parents!

Welcome back! We hope everyone had a great spring break and is ready for our last couple months of school. April is an exciting month for us. Aside from kicking off the first week with our spring break, our program has many educational and life enriching trips planned for our students. On Friday the 19<sup>th</sup> your student will have the opportunity to go to the Atlanta Zoo to learn about many of the native animals from the countries and continents they have explored in their social studies classes. We will also be participating in the HBMS Games Day which will afford our students some valuable exposure with their general education peers in a fun and exciting setting.
