### Teacher Talk :

Welcome Back Parents!

We hope everyone had a long and restful Holiday Break. School is back in session and we are very excited about the new semester and all the great learning that will be taking place in our classrooms. As part of our programs New Year's Resolution we are increasing our parent-teacher communication through two main avenues, a Parent News Letter and the launch of a new interactive program Website. Our goal is to increase discussions at home between students and parents, in class between parents and teachers as well as in the community from parent to parent.
